

UNIVERSITÄT  
BAYREUTH

Workshop for:  
M.Sc. & PhD  
students, Post-  
docs, Scientists

# Synchrotron-based X-ray absorption spectroscopy

14 December 2017

10:00 - 17:00

GEO III

## Lecturers:

- **Dr. Ning Chen**, beamline scientist of Hard X-ray MicroAnalysis (HXMA) beamline, Canadian Light Source
- **Prof. Dr. Martin Obst**, Experimental Biogeochemistry, BayCEER, UBT

## Content:

- X-ray absorption spectroscopy: Techniques and possibilities
- Applications from environmental sciences and other disciplines
- Possibility to discuss own interests, suitability of experiments, potential projects

## Schedule and registration:

[www.bayceer.uni-bayreuth.de/ebgc/x-ray](http://www.bayceer.uni-bayreuth.de/ebgc/x-ray)

Bayreuth Center of Ecology  
and Environmental Research

**Bayceer**
