

Participation in teaching (1 LP each semester – weekly lesson, minimum credits 0, maximum credits 4)
Lecture in Abiotic disturbances in mountains: snow and avalanches, Disturbance ecology course at the University of Bayreuth, 1.5 hr, 20/11/2023
Lecture in Plant functional traits, protocols, databases, Vegetation science course at the University of Bayreuth, 1.5 hr, 20/06/2024
Lecture in Abiotic disturbances in mountains: snow and avalanches, Disturbance ecology course at the University of Bayreuth, 1.5 hr, 13/01/2025
Lecture in Abiotic disturbances in mountains: snow and avalanches, Disturbance ecology course at the University of Bayreuth, 1.5 hr, 17/11/2025
Seminar Natural Risks and Hazards at the University of Bayreuth, 16 hr, 28-29/11/2025
Lecture in Anthropogenic disturbances of mining sites and rock cliffs, contrasting effects on biodiversity, Disturbance ecology course at the University of Bayreuth, 1.5 hr, 12/01/2026
Lectures in experimental design, Disturbance ecology course at the University of Bayreuth, 3 hr, 4/5/2026, 11/5/2026
Lecture in Plant functional traits, protocols, databases, Vegetation science course at the University of Bayreuth, 1.5 hr, 18/06/2026
Supervision and management of students during experimental activities, support in scientific report development, Experimental ecology course at the University of Bayreuth (05-08/2026)
